You've already read those. Krystal Powless: Yes, I've read those. Gary Meyer: Okay, so I guess now we're ready for...unless there's somebody else who would like to address the Council on this ice this is the Public Hearing? Pat Brooks: Pat Brooks, Warrick County Treasurer. I know that everybody is...and I understand that you all are in a bind and everybody needs money, I understand that. I think that in my office and I just handed a list of the things and I just ran totals this alternoon and this is new tax money we're bringing in and one I would call attention to is the new Deputy. We found out that on the robile homes out-of-state corporations, Capital One and other corporations, they sell these trailers, they go in under people's names, the taxes never get paid, and we found there are multiple parcel numbers on individual trailers. We assigned a new Deputy, kim, who came in and we have looked those up and we have the Capital One and Green Tree, the investment companies that are out-of-state have not been paying their fair share on mobile homes. And just finding this out we've collected so far sixteen thousand dollars (\$16,000.00) by doing the research and doing this. That's one of the things that we did not have. We're going back to old judgments from 2005, we have collected since April thirty two thousand dollars (\$32,000.00). Now, all of this is a lot of cross checking, we got one mobile home park, and it was some company out of New York that owned it that hadn't paid all the taxes on the trailers, they sell them to people, move out, leave them, they don't get paid because they're not kept up. They have paid twenty (20) of the old judgments. So since April we've collected an additional thirty two thousand dollars (\$32,000.00) on that. I'm going back and scratching every place I can find and this was back...there are...what are parcel numbers, the double parcels that were not claimed, we've sent out letters, one hundred eighty one (181), we found out we can take people to court if they're only two (2) tax payments behind. Simply said we can't put them on Tax Sale and sometimes people only pay enough so they're two (2) off. We found out we can take Small Claims Court. And something else the state is doing, which is in the next has the papers on that, now we have to set up payment plans. Three (3) different sets of payment plans; one for those in the School Corporation we help with employees, that's one payment plan and garnishment. Then we have to set up Tax Sale plans and I've them working with Barrington Development was one, Meyer Center; we're working because they don't want it sold on Tax Sale. And the third type is anyone that is behind two (2) payments we have to set up monthly payments where they can make monthly payments and you'll see that coming up shortly. This is all things the previous four (4) years didn't have to do. And what I'm saying to you, I'm the smallest office, I have four (4) people, and I do work, I'm there receiving, doing cash book, Debbie's doing financials, by you, I'm the smallest office, I have four (4) people, and I do work, I'm there receiving, doing cash book, Debbie's doing financials, we're not sitting around. I've got them doing research, we are bringing in the money and I would like for you to seriously consider leaving me with my four (4) people and me. Twenty five percent (25%) is a hefty cut for me and I know you left some money in partime and I thank you for that, that's for spring and fall. And you know if I had to cut part-time back but I need to keep the people on the projects and doing those projects and I would appreciate any consideration. You know, I don't know what, if I lose a person, I don't know what to cut, and I don't know what to do. Now, in the spring and fall I don't mind working Saturdays but I'm not going to work Saturdays. I had a Deputy and myself, we work Saturdays and I don't mind doing that occasionally, I'm salary, it doesn't matter, I'm very appreciative of the pay that I get and I enjoy working but I cannot keep it all going. To me which project do I not do? What do I give up? I would really appreciate it if you would reconsider and let me keep my four (4) people. If you have to cut partime...I think in one of my proposals I said go in and cut everybody's salary by five (5%) to ten percent (10%), I'm willing to do that, but to operate the office efficiently, keep the financials going on three (3) separate programs mind you, that I have to balance to, I can't. I just can't do it all. I think it would be the county's loss and I do appreciate your time, I appreciate you reconsidering, you know, what project to do I drop? I even brought the list in. These are all the things we've been cross checking looking up to collect money. We would have never gotten the sixteen thousand (\$16,000.00) hadn't we gone back and looked at the parcel numbers. What the companies out-of-state were getting by with. So I would appreciate your consideration. Anybody have any questions for nee?

Gary Meyer: Thank you, Pat.

Pat Brooks: Thank you.

Gary Meyer: Anyone else? Okay, we're looking at Ordinance 2013-03. We vote on that tonight, Counselor, and then we vote on it

Greg Granger: Yes, correct.

Gary Meyer: Okay. We need a motion to approve, disapprove, something.

Charlie Christmas: I make a motion we approve.

dary Meyer: Motion made by Charlie to approve. Is there a second? Is there a second?

Allan Holweger: Let me ask, can we add or subtract after we make the...once we approve we can't make any adjustments or do ahy...?

Krystal Powless: You can still make adjustments, I mean; you can make adjustments up to the 17th but...

Charlie Christmas: We still got one more reading.

Allan Holweger: Okay, well, I'll second it then.

Gary Meyer: And seconded by Al to approve. Any further discussion? All those in favor? Opposed? Motion carried six (6), zero (₺). Okay, Ordinance for Salaries and Wages 2013-04.

krystal Powless: Why don't you read this one? Do you want to read this one?

ary Meyer: Not particularly.

Krystal Powless: Okay then.

Gary Meyer: You did that very well.

Krystal Powless: And then attached is the actual ordinances for each department.

Greg Richmond: What's the number of this one?

Gary Meyer: 2013-04. I guess we're still in the Public Hearing; would anybody like to address Ordinance 2013-04? Yes, Ma'am.

Debbie Stevens: My name is Debbie Stevens and I work in the Treasurer's Office and if I could go back just one moment regarding the positions in the Treasurer's Office, to appeal to your business, good business sense, the collections that Pat presented to you earlier it was around ninety five thousand dollars (\$95,000.00). That almost triple pays for the one (1) position you want to cut. Those are all tasks that cannot be maintained with a staff of three (3) and one (1) Treasurer and still complete all of the daily functions of that office so it's actually giving you a very good return on your investment to keep that fourth position there. But I do have some...and so that's just something to think about and look over the numbers. I do have something to say that's happening in our county and I see that... I see this happening with employees who retire and what that...how, the impact that that has and it's a snowball effect and until someone at some point steps up and says 'if you have sick days you must use them within the year that they're given' and as is the vacation. This is going to continue to be a problem for the administrative; the office holders to manage when they come to the end of a person's career in that department and they chose to retire in essence the tax payers are paying double for that. They're paid if they're in a salary position, they're paid in the year that they receive them and although they don't take them the cost to the county is much higher when that benefit is then received later. And it's almost impossible to manage. As the 'baby-boomers' start to retire it's almost impossible I think...Sheriff Kruse had a situation where he had several people retiring and none of this was built into his budget. It was all coming out of his salary line but there's no way you can manage that and plan for that and so while we have some issues presently and realize you're trying to make some changes and cuts and, you know do justice to the tax payers, I think there are some long term issues that might reduce the cutting next year again or the next year if there were some practices, some personnel practices that were looked at and while that might be distasteful to a lot of people who have been here it's no helpful to try to manage these things within a budget year after year when you don't know when someone might retire. You think you might know but you can't, you really can't budget for it because you have a salary line and it is what it is but then you get that increase when they retire within that year.

<u>David Hachmeister:</u> Well, Debbie, you're absolutely right on my behalf but that's in the Commissioners handbook as far as how...

Gary Meyer: That would be their call unfortunately

<u>Debbie Stevens</u>: So it's to appeal to the Commissioners for that?

Allan Holweger: Yes.

Paul Rudolph: There are a few policies that are in the handbook that are cost prohibitive but our hands are tied on those.

Debbie Stevens: Okay.

Al Holweger: We agree with you though. I think, I'm speaking for myself, I'm sorry, not the rest but I agree we have an issue.

<u>Debbie Stevens</u>: I've been with the county a little over a year so you know I'm looking at it from a business standpoint, so I go to the commissioners then?

Unknown Speaker: Yes.

Debbie Stevens: And this is a policy then ...?

Paul Rudolph: Correct.

<u>Debbie Stevens</u>: And so as far as funding these long term things you have no power in this thing to say 'we have to live within these budgets' because really what happens is if three (3) of Pat's folks could retire next year and you've already cut her budget and then you've cut her by one (1), then what happens to that? You still have a problem on your hands next year when you're...you know, when you're trying to cover new salaries, basically new salaries. So, well, help me, tell me what I need to do and I'll be happy to do it but...

Paul Rudolph: If you can get two (2) commissioners to agree with you you're golden.

Gary Meyer: That's right.

<u>Paul Rudolph</u>: But we haven't been able to so you'd be better than me if you're able to. I've spoken; I've said many times that there are some policies we have that just don't seem efficient...

<u>Debbie Stevens</u>: I won't be a popular person for bringing that up but in all fairness to the tax payers and then to the office holders down the road who have to then contend with decisions made ten (10) years previous.

<u>Paul Rudolph</u>: Another way it can be handled without necessarily impacting the employees as much, for example they just have to use certain amounts or they can have a limit and it has to be used which wouldn't create such asperity when a employee is leaving. So there are ways it can be handled without too much of an impact to the employees but...

October 3, 2013

bebbie Stevens: Well, I don't want to take up anymore of your time on something that is not in your hands.

Gary Meyer: That's fine.

Haul Rudolph: And I did want to address your...correct me if I'm wrong, anyone, Debbie or anyone else, one of my problems is, you're right, math does say 'hey we collected ninety five thousand dollars (\$95,000.00) this year'...

bebbie Stevens: My concern is I believe, or my understanding is, of the ninety five thousand dollars (\$95,000.00) that's obliected the county won't be able to keep all ninety five (\$95,000.00). Most of that is going to...

bebbie Stevens: Well, some of it, of course does go to the townships...

harlie Christmas: Seventy thousand (\$70,000.00)...seventy percent (70%) goes to the school corporation.

Krystal Powless: Another thing is without getting too far into detail but that's all money that you were needing...

Paul Rudolph: Going to receive anyway.

rystal Powless: To bring in that we didn't, so that's part of our shortfall.

Debbie Steven: Well, you can...not necessarily...

Krystal Powless: No, it's...

Debbie Stevens: You're trying to budget on...

Krystal Powless: As far as the sixteen line statement and the revenues that are sent to the state it is money that has been counted to be collected. Its part of the property tax levy itself.

<u>Debbie Stevens</u>: Correct.

rystal Powless: Now, granted if you're bringing it in...

Debbie Stevens: You're not getting it, you can't spend it.

Krystal Powless: It's that much more short we're going to be.

Debbie Stevens: That's right, that's right.

Krystal Powless: Right.

Debbie Stevens: So, back to that point then, and this is something that you can deal with, um, these are things that have not been done in the previous to Pat's administration. Something's just...they probably didn't know that there were avenues and ways to collect that we've chosen to pursue and it does...everyone of us...because this is important, is important to us, we believe it's important to the Council, if you're trying to budget based on a collection of 'X' amount of dollars whether it's the school corporation or the county or whoever it is who is going to benefit from that, if those taxes aren't collected then the tax payers are the ones who suffer, the ones who pay their taxes. We also have a...there's kind of a unspoken system in place where as long as you don't get more than two (2) payments behind, as at said previously, you're good, you're not going to be sold on tax sale, that is true. But we are taking those extra steps to collect that and honestly we've had a lot of tax payers, believe or not, come in and say these are the things that keep you awake at night and it is nice to know that we can come in here and deal with this and confront it and set up some type of a payment plan where we can get ourselves out of this situation where we're always behind. And, you know people don't want to be in that situation so to have...you know, to take the extra time to pursue collecting those taxes...it, you know a lot of the tax payers truly do appreciate it and we're getting them caught up to where we know we're going to collect a larger percent of the taxes in the current year that they're due. So, I don't want to take too much of your time.

Gary Meyer: Okay, thank you.

Allan Holweger: Thank you.

Gary Meyer: Anybody else would like to address the Ordinance 2013-04? Okay, then I'm looking for a motion.

Allan Holweger: I'll make a motion to approve.

Gary Meyer: Motion made by Al to approve. Is there a second?

Paul Rudolph: Second.

Gary Meyer: And seconded by Paul. Any further discussion from the Council?

pavid Hachmeister: One thing that I didn't notice before was on the full-time continuous...

Krystal Powless: What?

david Hachmeister: As far as in the past, as far as it has been done, that you did not have to be continuous.

krystal Powless: What are you talking about?

Charlie Christmas: Yeah, where are you seeing that?

<u>Greg Richmond</u>: On the Salary Ordinance it said 'full-time...'

David Hachmeister: Yeah, on the compensation schedules.

Krystal Powless: Well, actually their handbook said that they can once a year.

David Hachmeister: I thought there could be a leave and they could come back and then did not have to be continuous

Paul Rudolph: I guess it would depend on how you could define 'continuous', for an example if you quit I think that might be one thing, if you do a leave of absence that might be another. I don't know the answer to this question...

<u>Krystal Powless</u>: Actually its part of...it's in the handbook so we need to have them follow the handbook. I believe it's a year. They can be gone for one (1) year and it's still continuous. What paragraph is that?

David Hachmeister: Two (2) under section five (5) under 'Compensation Schedules'.

Krystal Powless: See, it's been in there for years, it's been written that way for years...

David Hachmeister: Okay, I...

Krystal Powless: But that doesn't mean it's right, you know, we may need to tweak that, what do you think? Take a look at it and make sure it's worded property for the 17th?

Greg Granger: Are you saying...do you know if it was changed in the new version of the handbook?

<u>Krystal Powless</u>: No, it has not been changed for awhile in the new version. I mean...it's been a year for some time, I'm not sure how long and there's no Commissioners here to...right now but I don't know how long it's been a year. And it wasn't changed in the new handbook.

<u>David Hachmeister</u>: And this by not funding a few positions it may be...maybe not necessarily a problem but maybe no correct if someone would leave.

<u>Krystal Powless</u>: I think the wording needs to be changed to match the handbook is the whole thing, myself. We'll work on that before the 17th to get that done.

Paul Rudolph: So we have a motion that's been seconded. Can I withdraw my second? I withdraw my second.

Krystal Powless: And who made the motion?

Gary Meyer: Al.

Paul Rudolph: Al. So we can motion to table instead if Al would agree until we've had our counselor verify and look this up and compare it to the handbook.

Greg Richmond: (Cannot hear)

Krystal Powless: It might should need to be approved with...

Greg Granger: Contingent to modify?

Al Holweger: Yeah, we can approve it to be modified at the second reading like we did the first one that I asked about. So we can still modify...

Paul Rudolph: That works, I'll second it again.

Gary Meyer: Any other discussion? We have a motion by Al and seconded by Paul withdrawn and seconded again by Paul to approve Ordinance 2013-04. All those in favor of the motion? Opposed? Motion carried seven (7), zero (0). Okay, Ordinance 2013-05. Ordinance for Appropriation of Tax Rates Solid Waste.

Krystal Powless: Anybody else feel like reading this one?

Gary Meyer: No, you're doing a great job, keep going.

Krystal Powless:

(7), zero (0). Okay, the next one is the Salary Ordinance 2013-04. rystal Powless: There has been a small change if you want to read that because I marked it out on yours, I don't have ly old one. Gary Meyer: In the original one that we read last week, on second page, under section five (5), the second section under section five (5), the second paragraph, it says 'the employee longevity is defined as full-time continuous county employment'. That sentence has been crossed out. That's the only change. This is not there in the new one. everything else is the same. Krystal Powless: And if you would like explanation I'm going to allow the attorney to explain it. dary Meyer: That's called passing the buck. Greg Granger: As pointed out at the last meeting the definition of longevity that is stricken was omitted from the imployee handbook, for reasons unknown at this time. So, we just took out that reference to the definition and kept the emaining paragraph. Gary Meyer: So everything else is the same? Greg Granger: Everything else is the same. ∰aul Rudolph: Who caught that? rystal Powless: David. aul Rudolph: Well done, Councilor. pavid Hachmeister: Well, you know...I've done some weird things but...you know. (laughter) Haul Rudolph: Wait, wait, that's a totally different conversation. Gary Meyer: We'll have that conversation later. Allan Holweger: I'll make a motion we approve. aul Rudolph: Second. Sary Meyer: Motion made by Al and seconded by Paul to approve, any discussion? All those in favor? Opposed? Notion carried seven (7), zero (0). Okay, Ordinance for Solid Waste Appropriation Tax Rate 2013-05. rystal Powless: No changes. <u>Gary Meyer</u>: No changes on this one. Allan Holweger: Since I made the motion the first time I'll make that motion again that we approve. Gary Meyer: Motion made by Al. Is there a second? Haul Rudolph: Second. <u>dary Meyer</u>: And seconded by Paul. Any discussion? All those in favor? Opposed? Motion carried seven (7), zero (b). Alright, would anybody like to address the council? Any three (3) of you? Any council members have anything? Haul Rudolph: I'd like to talk for about fifteen (15); twenty (20) minutes just to say how great of a guy Tim is. Allan Holweger: I'm glad I was bent over; I didn't hear exactly who you were talking about. gary Meyer: And our next meeting is November the 1st which is two (2) weeks from tonight at 6:00. Nothing else? ooking for a motion. aul Rudolph: Motion. Gary Meyer: Meetings adjourned. WARRICK COUNTY COUNCIL ary Meyer, D.D.S., President Allan Holweger Charlie Christmas Paul Rudolph ÄTTEST:
